

Request for Congregational Surveys

The Interim Search Team and members of Session would like to encourage everyone to take some time in the coming weeks to fill out the Congregational Survey. While we may not be physically gathering, people will be working to gather and summarize the information that is collected from the surveys. The initial deadline was March 22nd, but we have extended that to April 22nd. If you are willing, please include your name on the survey so we are able to know who has and who hasn't filled one out. If you are in need of a physical copy of the survey, let Marty or anyone from Session know, and one can be mailed to you. They are also available to be filled out online or printed at home. The best way to return the survey to church at this time is simply by dropping it in the mail. The information provided by each member is important and essential to finding a pastor that fits our congregation.

COVID-19/Church Cancellation Update

Session would like to express to everyone their continued concern for the safety and well being of all of our church family. We have remained in frequent contact as the COVID-19 situation has continued to change and evolve with each day. On Sunday, March 22nd, the regular March Session meeting was held via online methods. During that meeting, it was decided to extend the cancellation of church services through April 30th.

Unfortunately, this also includes Good Friday and Easter, which are such important days in the life of Christians. We are saddened by the continued distance we are experiencing and hope that you are all finding ways to feel connected to each other and to God. We must remember that this is a temporary situation and that God is walking with each one of us through this strange and difficult time.

Along with church services being cancelled, the restrictions involving church usage will also remain in place through April 30th. In adherence to the Stay Home Stay Safe order, Marty will be in the office only on an "as needed" basis. If you need anything, please still call the church phone number. The phone line has the capability to be transferred to any other phone number, so someone, most likely Marty, will be answering the call even if she is not in the office.

Please, reach out to a Session member if you need anything. Please, continue to pray for one another, for our country, for our leaders, and for the world. And please, take all the necessary precautions to stay safe. We anxiously await the day when we can all gather again at Flushing Presbyterian Church.

Blessings to you all,
The Session of FPC
